

dry herb pen MJ420 pipe

STRUCTURE

Specification:

Fully shrunk length: 62.5mm

Fully extended length: 92.5mm

Max Diameter: 20.3mm

Aluminum Tube Diameter: 17mm

Maximum glass tube capacity: About 2 grams

Color: Black/Silver/Gold/Rose Gold

Weight of the pipe: 35g

What makes a difference?

1. Small telescope design, portable to carry
2. Easy to fill, filling directly into the glass tube to smoke
3. Filter mouthpiece, more smooth draw, better smoking experience
4. Springloaded structure. Before lit, you can shift screw caps to higher gears with the silicone cap on to condense the herbs. After lit, shift the screw caps to higher gears to push the burnt ashes out of the tube.
5. All componenets are detachable, easy to clean and disassemble/assemble
6. Aluminum shell, protect glass from outside forces,durable and handy
7. Replaceable glass tube with simple plug in/out, no thread. You can either clean or replace a new glass tube.
8. Put out the smoke by simply putting the silicone cap on
9. The glass tube can storge shredded herbs with two silicone caps on each ends and sell them together as catridge
10. Cheap price, apply to multiple sales/marketing stragety plans. For example, buy two catridges of herbs, get one set of pipe for free(as giveaways)

About quality control :

Our quality control Department is staffed with 11 skilled employees. All of our products will go through 3 tests before shipping:

First,we shall run full inspection (IQC) on all raw materials.

Second,our IPQC shall test the half-finished products on the production line.

At last, The FQC shall run a full inspection of the finished products all over again before shipping out.

In this case, we can guarantee our qualified rate reach 99.6%.
